## Northeast PBIS Network

The Northeast PBIS Network Forum is a new and exciting regional opportunity for PBIS leaders and implementers in the northeast states (CT, DE, MA, ME, NH, NJ, NY, PA, RI, VT) to learn, share, refine, and discuss their implementation experiences. An advisory board of state level implementers provides guidance on the selection, content, and focus of program sessions. Support from the OSEP National Center on PBIS permits the forum planning team to focus on presenters who are teachers, administrators, researchers, parents, and students and who are interested in the free sharing
