1-AYP decision for Reading. No decision is made for subgroups with less than 40 students in the one-year index.

2-AYP decision for Mathematics. No decision is made for subgroups with less than 40 students in the one-year index.

3-Accountability decision for the Academic Indicator. School's Graduation Rate must be 72% or higher for All Students. No decisions are made for subgroups.

4-Accountability decision for Participation. Schools must have a participation rate of 95% for any group in which there are 40 or more students in the testing cohort.

5-Number of students in the Academic Indicator.

6-Academic Indicator for All Students is Graduation Rate.

7-The percentage of students from the graduation cohort who were still enrolled in the school at the end of the four year period.

8-Total number of students in Participation Rate calculation. This is the total number of students enrolled at the school during the testing window.

9-Percentage of students tested.

10-Annual Measureable Objective (AMO): the target that schools are expected to meet in order to make the progress necessary to achieve the goal of an index of 500 by the year 2014. 11-Number of students included in index. 12-Reading index includes NECAP reading results and math includes NECAP math results. 13-Lower Confidence Boundary of the AMO confidence interval; if a school's index is on the LCB or higher, the school meets AYP on its index. 14-No AYP decisions are made for subgroups with N<40.
