The deadline for applying for disaster assistance from FEMA is November 15

When you apply, you will be given a FEMA application number. Write down your application number and save it for future reference. You will need the application number whenever you contact FEMA.

When you apply we will ask for the following information:

- The address of your damaged home or apartment
- Names of all people in your household
- A description of your disaster damages
- Insurance information
- Your Social Security Number
- A telephone number where we can reach you or leave a message
- An address where you can get mail
- If you want your disaster assistance funds sent directly to your bank, provide the FEMA agent:
 - your bank account type
 - account number
 - routing number

If you move after applying for assistance, be sure to let FEMA know your new address and telephone number(s). This will ensure that all disaster awards and other important mail gets to you without delay.
