

Creative Curriculum Developmental Continuum – Web-based Version

The web-based version of CCDC (referred to as cc.net) includes progress checklists, a digital portfolio for each child, the capacity to run various types of reports, curriculum planning tools, and optional parent access to limited sections of the website. Under the Vermont state agreement, the cost of the subscription is **\$12.95 per child/per year**. This cost includes the Forerunners and SNAP, a program that calculates the Early Childhood Outcomes required for children on IEP's.

To apply for CC.NET:

1. Go to the Teaching Strategies website (www.teachingstrategies.com) and complete a Vermont DOE application.
2. Your application will be reviewed at Vermont DOE.
3. Once approved by Vermont DOE, Teaching Strategies will contact you directly and help you complete the subscription process.
4. Each subscription is for twelve months.
