Assurance for Year 1 Corrective Action Schools

As stated in the Commissioner's Required Actions for schools in Year I Corrective Action:

All schools must implement one of the following corrective actions:

- a) Appoint an outside expert to advise the school on its progress toward making adequate yearly progress based on its school plan.**
- b) Institute and fully implement new curriculum, including providing appropriate professional development for all relevant staff, that is based on scientifically-based research and offers substantial promise of improving educational achievement for low-achieving students and enabling the school to make adequate yearly progress.**
- c) Extend the school year or the school day for the school.**
- d) Significantly decrease management authority at the school level.**
- e) Restructure internal organizational structure of the school.**
- f) Replace the school staff who are relevant to the failure to make adequately yearly progress.**

Please attach a narrative that explains how this choice will make fundamental reforms that have substantial promise of enabling the school to make AYP as defined in the state plan.

You must provide official written notification to your School Improvement Coordinator of your choice from the above list by June 30, 2011.

Notification must be signed by your school board chair and superintendent.

The _____ School District has selected and will be implementing the following corrective action(s) indicated by letter(s)_____.

Superintendent

School Board Chairperson
