Re: Required Actions

Date: May 9, 2011

This e-mail contains the required actions for schools in your Supervisory Union identified through the 2011 Adequate Yearly Progress Determinations.

Please read the required actions carefully. If you have been involved in the school improvement process in prior years, you will notice that there are significant changes from previous years. Schools in Year 1 Corrective Action please note there is a specific form to return.

Print and keep a signed copy for your records.

These required actions will be posted on the VTDOE website at:
http://education.vermont.gov/new/html/pgm_improvement.html

If you have questions about these, please contact the school improvement coordinator assigned to your supervisory union. You may also find a list of contacts at the same website referenced above.
