

## 2020-2021 Public and Private Prekindergarten Providers List and Prequalification Status

PreK stakeholders should consult this list regularly to ensure that children may receive publicly funded PreK services for 2020-2021 from providers who meet prequalification requirements. The Agency of Education will post this list monthly on the [Universal Prekindergarten webpage](#). Please be certain that you are working from the most recent report.

### Using the Data Report

All public and private providers that have or are seeking prequalification for 2020-2021 are included in this list. The Agency uses the names and towns of providers that are provided through the prequalification on-line application process. Any errors in spelling, name or town are due to data entry issues.

For 2020-21 status, providers are classified in one of several categories:

1. **Prequalified for 2020-2021.** Providers have a prequalification application due in future years. Providers in these categories and school systems *may enter* into partnership agreements to ensure PreK services are delivered.
  - a. **Prequalified-App due 2021**
  - b. **Prequalified-App due 2022**
  - c. **Prequalified-App due 2023**

If you have questions relating to this list or anything related to eligibility to become a prequalified prekindergarten provider, please contact Wendy Scott, Universal Pre-K Coordinator at [AOE.UPK@vermont.gov](mailto:AOE.UPK@vermont.gov).
