

Indicator 13 – Postsecondary Transition

Reported in both the statewide and local APR.

Percent of youth with IEPs aged 16 and above with an IEP that includes appropriate measurable postsecondary goals that are annually updated and based upon an age-appropriate transition assessment, transition services, including courses of study, that will reasonably enable the student to meet those postsecondary goals, and annual IEP goals related to the student’s transition services needs. There also must be evidence that the student was invited to the IEP Team meeting where transition services are to be discussed and evidence that, if appropriate, a representative of any participating agency was invited to the IEP Team meeting with the prior consent of the parent or student who has reached the age of majority.

$$\text{Indicator 13} = \frac{\text{Number of youth aged 16 and above with IEPs that contain each of the required components for secondary transition}}{\text{Number of youth with IEPs aged 16 and above}} \times 100$$
