

Presentation to the Vermont State Board of Education

July 20, 2022

By: Lamoille South Unified Union and Stowe Self-Selected Representatives

Overview

The Lamoille South Unified Union School District, along with self-selected representatives, are jointly presenting a plan and timeline to request that Stowe is allowed to withdraw from the current district and create an independent school district.

The end goal of this work is to re-establish the supervisory union structure that was in place prior to 2019-20 school year. This supervisory union operated with two independent school districts benefiting from shared services across three towns (Elmore, Morristown, Stowe).
