Request for Proposal

Locations:
State-Wide

Keywords:
Social Services, Consultant Services, Child Care

Bid Description:

The Vermont Department for Children and Families' ("DCF") mission is to foster the healthy development, safety, well-being, and self-sufficiency of Vermonters. The Department is structured around six Divisions that deliver programs and services to Vermonters; one of those Divisions is the Child Development Division ("CDD"). CDD works to increase access to high-quality, sustainable services that are developmentally beneficial for children, strengthen families, and meet their needs. One foundational program to CDD's work is the Child Care Financial Assistance Program (CCFAP) which helps families offset the cost of child care. Act 76 was passed in July 2023 with the goal to strengthen and expand Vermont's child care and early childhood education system through mandated policy changes and significant financial investments. CDD is tasked yearly with evaluating and accurately modeling the Child Care Financial Assistance Program to reflect the cost of care within the State. CDD also co-administers Vermont's Universal Prekindergarten program in partnership with the Agency of Education. The report and fiscal implications will be presented to the Governor and the Legislature yearly for them to make recommendation and policy decisions. ? The Contractor shall conduct research and build a framework for a cost of care model and provide an analysis annually for the State of Vermont's early childhood education and afterschool programs.
