Call to Order/Introductions/Amendments to Agenda

The meeting convened at 1:35 p.m. Gallagher and Donnally were not able to attend and Bouchey and Mahusky thought that they should not meet without them.

Bouchey offered a brief update. She talked about working with the AOE data team to learn more about data provided and to what extent that can be used and if there are other data sources that can be accessed. There was discussion on data being used for accountability, data built for comparison, challenges with data collection and reporting, new discipline tool coming soon on the AOE Dashboard, Vermont's comparison to national estimates, districts that stand out as a concern, national data infrastructure, federal data link, and protecting marginalized students from exclusionary discipline. Bouchey will work on a spreadsheet to share. There was discussion on how to coordinate the work.
