Vermont Testing Requirements for Educator Licensure

Effective September 1, 2019

Academic Skills for Vermont Educators

Candidates seeking initial educator licensure in Vermont who do not hold a current non-conditional out-of-state-license from a state that has signed the NASDTEC agreement are required to meet the passing scores established by the Vermont Standards Board for Professional Educators (VSBPE) for the **Praxis Core Academic Skills for Educators (CORE®)**. Educational Testing Services (ETS) has completely phased out Praxis I, which means the tests are no longer available. The **Praxis Core tests** have replaced the Praxis I. The core academic skills tests for educators include three tests: Reading (5713), Writing (5723), and Mathematics (5733). The Praxis Core subtests measure whether educators have the necessary reading, writing, and mathematical knowledge/skills. The Praxis Core does not assess one's knowledge of teaching nor does it predict who will become a good teacher or administrator. All candidates need to pass *each and every one* of the Core tests to be eligible for licensure; there is no combined score for Praxis Core tests.
