

Indicator 8: Parent Involvement

- Percent of respondent parents who report schools facilitated parent involvement as a means of improving services and results for children with disabilities.

$$\text{Indicator 8 Percentage} = \frac{\text{Number of respondent parents/guardians who report schools facilitated parent involvement}}{\text{Number of respondent parents/guardians of children with disabilities}} \times 100$$

- The data reported are acquired from surveys mailed to the household of every child on an IEP in the State. There are two different surveys: one for the parents/guardians of children ages 3 to 5 and another for the parents/guardians of children ages 6 to 21. The results are combined for reporting purposes.
