

2022-2023 Public and Private Prekindergarten Providers List and Prequalification Status

PreK stakeholders should consult this list regularly to ensure that children may receive publicly funded PreK education for 2021-2022 school year from providers who meet Universal Prekindergarten (UPK) prequalification requirements. The Agency of Education will post this list monthly on the [Universal Prekindergarten webpage](#). Please be certain that you are working from the most recent report.

What defines Vermont Universal Prekindergarten Education is the implementation of high-quality, effective instruction by licensed educators who use evidence-based practices within intentionally designed early learning environments. Early educators align curriculum with the Vermont Early Learning Standards while adapting experiences to support the full participation of each and every child to realize their full potential and promote positive outcomes.

Using the Data Report

All public schools, private programs and family child care home providers, who are UPK prequalified for 2021-2022 are included in this list, with their respective renewal dates. The Agency uses the names and towns of providers that are provided through the prequalification online application process. Any errors in spelling, name or town are due to data entry issues.

For 2022-2023 status, providers are classified as prequalified or in process.
