2018-2019 21C Peer Review Process

The following pages outline the VT21C site visit processes. There are two tiers within the system. For the full peer project review, participation is required for selected VT21C grantees. In 2018-19, ten projects have been selected for this tier. In addition, selected sites within these ten will receive an associated summer program visit. For the second tier, sites may be selected for an individual site visit on an ongoing as-needed basis. Projects and sites are selected and prioritized based on an annual assessment of need that takes multiple factors into consideration. Projects or sites that are not chosen for a visit in a given year can always invite the state coordinator for an informal visit. All efforts will be made to meet grantee requests as capacity allows.

Area	Full Project Review
Purpose	Project level assessment
Notification	By July 1, 2018
Timing	Per risk assessment, generally once every three years
Process	Set in advance
Visiting team members	3-5 members
Preparation Time	Several hours
Overview of Process	All documents posted on a shared wiki, agenda created, coordination of schedule with multiple stakeholders, self-assessments completed.
Visit Day(s) can vary depending on program start time	9:45 a.m.- 5.30 p.m.: interviews and site visits to multiple sites with typical team of 4
Post Visit Report	Full project report including observation component Follow up actions listed in each report

The spirit of the design above is to work collaboratively with the Vermont Agency of Education, VT21C staff from the field, and others on the local level to address the continuous improvement of each 21C funded afterschool and summer program. Consider joining a team or having staff join a team for a unique and useful full day professional development experience.

Goals

1. To provide accountability and oversight as required by law
2. To provide projects with an on-going opportunity to reflect on their practice
3. To promote regular dialog and information sharing with and among projects

Project Review: What do I need to do?

1. **Lock in the date(s) for a site visit.** Emanuel Betz at 802-479-1396 Emanuel.Betz@vermont.gov will set up an initial on-line *Goto Meeting* to go over the process with you two months before the visit day(s). Meetings with visiting teams generally run from 9:45 a.m.-5:30 p.m. An ongoing list of projects and dates can be viewed for sign up on the [Vermontafterschool Wiki](#).
2. **Prepare supporting materials.** Documentation will be housed through the wiki in the project's site visit folder. All field postings are kept for viewing across years as a resource for all. Programs will need to gather and post a variety of documents and materials to inform the peer review process. These items fall into three basic categories:
 - (i) Required documents;
 - (ii) Afterschool Quality Self-Assessments;
 - (iii) Budget actuals from the business office
 - i. **Posting required documents-** all projects must include the following documents as part of their review. These items must be submitted electronically in the designated wiki folder at least ten days before the scheduled visit. These materials will be shared with all members of the visiting team and will serve to familiarize team members with your program.
 - A. Program Policies and Procedures- Provide a copy of your program policy handbooks including program staff and parent handbooks, safety policies, and emergency protocols.
 - B. Evaluation Documents: Include any project evaluation plan documents and any copies of surveys or other evaluation documents you have.
 - C. Sustainability Plan: Provide your most recent sustainability plan.
 - D. Program Brochures: Include current program brochures and registration forms.
 - E. Governance Documents- provide a list of all members of your governance/advisory team and any other info including such as meeting dates or meeting minutes (please provide names as well as affiliations) Include sample handouts or documents related to school board meetings, if available
 - F. Job descriptions and expectations: Include any job descriptions and specific documents related to staff expectations if they are not included in any staff manual.
 - G. Instructional planning: Include any documents from this area including program-planning tools.
 - H. Promotional materials: Include any newspaper articles, awards, or other PR documentation.
 - ii.

- I. Digital Content: Include links to any program web sites, video, Facebook or other pertinent digital content the program has produced.
 - iii. **Afterschool Quality Assessment Tool** - Using the tool below in hard copy form, rate your project in each of the ten quality areas. At a minimum the director, all site coordinators and at least one third 'party' should complete the self-assessment. When producing a rating, note that the column for "Comments/Action Steps" provides the most useful information for the team so have people write out comments. Scan and post individual surveys (do not aggregate responses).
 - iv. **Budget Update and Expenditure Report**- Provide a budget using a printout of actual revenue and expenditures to-date (since July 1, 2018) from the business office accountant. Include at least one detailed accounting record of two cost centers (E.g. supplies, staffing, etc.)
2. **Set a meeting agenda.** Create an agenda in collaboration with AOE at least three weeks before the visit starting with a 2 hr. meeting with the 21C Director, followed by meetings with individual key partners (e.g., teachers, parents, students, advisory board members, site coordinators, leaders), and a program visit. If you have multiple sites, the team will likely split at program time to visit multiple sites; with a minimum of 1-hour on-site time at each school. Have student ambassador(s) at each site to advise the team for a portion of the visit or include 'student voice' in another meaningful fashion. If all or a representative majority of sites cannot be visited in one day, additional days may be set up to visit programs.

Sample Agenda

9.45	Arrival
10:00-12:00	Meeting with the Project Director (business manager joins at 11.45)
12.00-12.30	Lunch: no meetings (everyone brings lunch)
12:30-1:15	Site Coordinators for multi-site projects or interviews
1:15- 2:30	Four rolling 15-20 minute individual interviews (e.g. principal, staff, partner(s), students, parents) Travel to sites
2:50-5:00	Visit programs
5:15-5:30	Visiting team debrief and exit conference with Director

Generally, interviews will begin with questions around project success and challenges, the interviewees' association with the project and role, and then questions that drill into select statewide evaluation 'results,' (see below) where the interviewee has knowledge or a meaningful perspective to share. Any interviewee may be asked questions that pertain to any of the areas in the grid below. To interpret each area and the chart below, the [statewide evaluation plan](#) on page 43 can be consulted.

3. **Host Visiting Team.** AOE will form a visiting team to come to your site(s) on your selected date(s). The visiting team will be made up of 21C Directors, AOE staff, and may have other professionals and practitioners working in the afterschool, youth development, or education fields.

4. **Receive a report.** Within two weeks of your site visit, you will receive a report (see below) outlining the visiting team's comments, recommendations, priority action items, and findings. After receiving this report, read through the report and identify action steps to address suggestions or implement changes as needed. There will be a period of time to accept the report. Shortly afterwards you will receive a follow-up phone call or email as needed from AOE to go over the visiting team's report, answer any of your questions, and to discuss follow-up if needed on required action steps.

**Vermont 21st Century Community Learning Centers (VT21C)
2018-19 Report Template**

The focus of the peer review process will use the 21c state evaluation plan as its framework along with additionally selected focus items* for 2018-19. The statewide evaluation results as detailed in the 21c statewide evaluation plan and the associated 2017-18 *Cognito* Annual Performance Report (APR) questions and data points will frame the agenda and questions, with the APR report serving as a baseline data set. In addition, completed site visit self-assessments will inform the categories below and the analysis, as will the summer 2018 AOE response to the Annual Performance Report.

Overview narrative:

Response to this report: Please submit a written response to Emanuel Betz at Emanuelbetz@vermont.gov. The response should include detailed steps and time line for addressing each of the *'Findings'* and *"Priority Action Items"* by the date indicated. Recommendations and comments do not require a formal response. See *definitions* below to guide your thinking on how to interpret this report. Items are numbered within each column from top to bottom.

Definitions:

- **Findings:** Steps that need to be taken immediately to be in compliance with a law or regulation.
- **Priority Action Items:** Action items requiring follow-up by the grantee to meet a 21C afterschool standard.
- **Recommendations:** Recommendations are judgments that could be classified as a "strong suggestions." They do not require action on the part of a project.
- **Comments:** Comments are suggestions generated from the team or from observations that warrant sharing. No action is required of a comment.

Youth Centered Engagement Observational Rounds

Site: _____ Date _____

Programs observed: _____ Total minutes observing: _____

Engagement Actions: place a tick for each instance observed in real time.

Evidence Statements: Use pad. Priority evidence: Youth quotes and youth actions observed

Spirit: Smiling _____ Laughing _____ Choosing _____ Playing _____ Calming/Relaxing _____
Health/Physical: Moving _____ Eating _____ Drinking _____ Handwashing _____
Dialog: Speaking _____ Listening _____ Questioning _____ Discussing _____ Explaining _____
Doing: Thinking _____ Reading _____ Writing _____ Researching _____ Performing _____ Making _____ Creating _____ Designing _____ Collaborating _____ Focusing/Immersing _____ Collaborative Problem Solving _____ Persevering _____ Productive Failing _____ Reflecting/Evaluating _____
Leadership: Leading _____ Facilitating _____ Planning _____ Prioritizing _____
Social/Emotional: Cooperating _____ Advocating _____ Helping _____ Negotiating _____ Empathizing _____
Negativity: Arguing _____ Complaining _____ Not-doing/Not-interested _____

Step 1: Identify learning goals and engagement expectations with staff

Step 2: Observe objectively for learning and engagement holistically with goals in mind. Tick areas and write evidence statements what is actually observed. Youth quotes and actions observed are priority evidence statements.

Step 3: Debrief data as a team including instructors; discuss data to make improvement

Program Observations**Site:**

During programming time, team members will observe programming. Team members will observe and take objective factual notes of what is observed. After the visit, These observations will be transferred into the categories in chart below, and an analysis will be added, based on observations.

1. Youth observations/actions	See Engagement Grid Above
2. Staff observations/actions	
3. Observations of physical climate, space, set up, and materials	
4. Other observations/actions	
5. Commentary/analysis by reviewer (Inclusive of analysis related to brain research, as applicable)	

After-school Quality Self-Assessment Tool

Use the tables below to rate your afterschool program in each of the ten quality areas: (1) Afterschool Program Leadership; (2) Linkages to the School Day; (3) High-Quality Staff; (4) Safe and Appropriate Environment; (5) High-Interest Programming and Youth Engagement; (6) School Leadership Support; (7) Relationships with Children/Youth and their Families; (8) Instructional Leadership; (9) Flexible Structures and Student Choice; and (10) Community Partnerships and Sustainability. For each row in the table, read the expectation and circle a number representing how your program meets that specific expectation. A score of 1 signifies an area where your program is in need of significant improvement. A score of 3 signifies a mid-level rating. A score of 5 signifies an area where your program fully meets or exceeds the expectation. If you do not know an answer to a question due to your role, put in an NA. It would be normal to expect that every program would have some low scores. Be sure to include comments. In many ways, these are more helpful for reviewers than scores.
