

McKinney-Vento Allowable Uses

Use of this Document

This document is designed to support LEAs in identifying potential allowable uses of McKinney-Vento subgrant funds. It is important to note that while this document lists strategies and activities commonly funded, this should not be considered an exhaustive list, nor does it guarantee that an activity listed will be considered allowable for each sub-grantee; allowability is also based on a data-driven assessment of local needs.

Purpose of McKinney-Vento (Title IX, Part A)

The purpose of this subgrant is to address the challenges that homeless children and youths face in enrolling, attending, and succeeding in school, and to ensure that each homeless child and youth has equal access to the same free, appropriate public education, including public preschool education, as other children and youths¹.

General Considerations

Programs and activities supported by McKinney-Vento funds must:

- Be consistent with the purpose of the McKinney-Vento Act;
- Be necessary, addressing identified needs;
- Be reasonable, considering breadth of impact and associated costs;
- Be used for evidence-based activities;
- Be utilized to supplement local and state funds, not supplant them; and
- Be coordinated with other available funds and resources to maximize the effectiveness and efficiency of spending
