### Message from the Secretary

We present for consideration the budget recommendations of the Vermont Agency of Education and the Vermont State Board of Education for FY2016.

We enter 2015 with a sense of urgency regarding preserving quality, improving equity and improving efficiency with respect to how we deliver education in Vermont. As we look to FY16, we are narrowing our mission to achieve two goals:

- support implementation of Vermont's ambitious new Education Quality Standards; and
- achieve efficiencies that enable us to have a greater impact in a climate of scarce resources.

In FY15, the State Board of Education outlined ambitious <u>Education Quality Standards</u> which provide a blueprint for schools on how they should provide all students with high-quality opportunities to learn. The Standards also outline a method, Education Quality Reviews, which are designed to ensure all our schools receive high-quality feedback on their performance relative to these standards, and next steps to improve. These reviews, which will include visits by educators across the state, will assess the performance of our education system against these standards, and provide all our schools with high-quality data and feedback they can use to address equity gaps and systematically improve learning.

This is a very tough year, and it has forced us to make very tough choices. With deep regret and in response to two rescissions, we have had to make some painful cuts. The 20% of our budget that is funded by state dollars is small, but plays a critical role in supporting state initiatives and carrying out our core duties. In our budgeting process we have evaluated every allocation, and made decisions that direct our resources to where they will make the greatest difference for the state, and where they will serve our many statutory obligations.

Meanwhile, the work required of us is increasing, as we work to meet state and (increasing) federal requirements, and provide data and information to ensure that all Vermont students are getting what they are entitled to from our education system.

We anticipate working closely with the Administration and the General Assembly to ensure that no additional fiscal or administrative burdens are placed on either the Agency or school districts during the 2015 Legislative session. We will be advocating against any new legislation that impacts school operations unless it is demonstrably able to bring about efficiencies.

We are currently compiling a list of all task forces and committees one which we are statutorily required to serve, as well as a list of all reports we prepare for the Legislature on an annual basis. We propose to ask the Legislature to review these lists and assess whether all these statutory obligations are still priorities.

We also plan to propose legislative language to increase fees for processing Educator Licenses, which have been unchanged for several years, and do not accurately reflect the cost of the work required to carry this duty out with fidelity. Of note, the VSBPE recently revised its rules in a way that reduces our licensing revenue for the next five years by 20%, without reducing workload, and which compels us to reopen and make revisions to our new online licensing system. This has caused acute stresses in this division which we are working to mitigate.

With this letter, we are advising the Legislature that our capacity is strained, we cannot afford to fill all our positions, and we have limited or nonexistent ability to support new legislative initiatives.

Please do not hesitate to contact our office at (802) 479-1030 if you have any further questions.

Respectfully submitted,

~11e

Rebecca Holcombe

Secretary

### **Message from the State Board of Education**

While education is always of paramount concern to Vermonters, the 2015 legislative session promises a renewed and thorough examination around providing high quality opportunities for all children and assuring careful use of all our resources. Embracing these imperatives, the State Board of Education (Board) updated its five year strategic plan. It focuses on two goals:

- 1. Ensure that Vermont's public education system operates within the framework of high expectations for every learner and that there is equity in opportunity for all.
- 2. Ensure that the public education system is stable, efficient, and responsive to the changing population, economic and 21<sup>st</sup> century needs.

Through its Legislative Committee, the Board stands prepared to work with the Legislature and the Governor to advance these directions. In order to maximize the effectiveness of our stressed resources, the Board recommends limited new education initiatives. Instead, we must examine the efficiency of existing programs and closely monitor the implementation of recently enacted laws such as those regarding early education and dual enrollment. Educational finance is in the forefront of many minds and while improvements are called for, the Board here expresses its principles of progressivity and broad based taxes.

The leadership Secretary Holcombe demonstrates has assisted the Agency, the Board and educators across the state to continue to improve the Vermont educational system. There is a commendable spirit of common purpose and direction which will serve us well in the challenges we face. We commend the Secretary for her vision and her leadership.

The Board also notes that the Agency staff has been severely reduced over the last several years. This threatens the Agency's ability to implement the many new, promising and exciting programs the legislature has added. We also note that the Board, in its legally required policy setting role, functions without an independent staff. This essential staffing is not in the budget presented here. With even more tasks, such as school district reorganization, being considered for Board attention, this matter also requires positive resolution.

Despite these challenges, the Board notes that we have a very positive, purposeful and harmonious constellation of forces in the legislature, the Governor's office, the Agency and within the Board itself, committed and dedicated to the excellence of Vermont's educational system.

Respectfully submitted on behalf of the State Board of Education,

Stephan Morse

State Board Chair

<sup>\*</sup>Estimated numbers as of January 2015, subject to change.

<sup>\*\*</sup>Children ages 3 to 5, excluding those enrolled in kindergarten programs. Expected dramatic decrease as it is now State law to provide PK services and Title I will only fund services to eligible students beyond the 10 hour/week mandate.

The agency's total budget proposal increases by \$30.6 million due largely to our estimated increase in school district education spending. State aid for special education is also up \$5.3 million based on spending projections from the districts. This compares favorable to last year's projected \$11 million increase.

Federal funds show a decrease of \$6.3 million but this is due mainly to spending patterns of the districts and not necessarily a reduction of these federal sources. How Federal education programs will be funded in the new Congress is still unclear.

The level funded General Fund proposal reduces our general fund by \$247,421 due to the rescission in FY 2015. We have made difficult choices regarding how we are allocating some of this reduced funding given increased work to administer Act 177 the new Pre-K law.

FY 2015 General Fund	9,890,082
August 13 base rescission	(396,394)
Cost of benefit increase	129,221
Increase in internal service funds19,752	19,752
FY 2016 General Fund	9,642,661

The total Education Fund budget proposal is up \$33.6 million (out of \$1.54 billion) as described above. Early this fall we estimated district education spending would be up 2.1%. This is a projection made in the fall; a more accurate projection will be available near the end of February when we compile district budget amounts that will be up for vote on town meeting day. Under current law, the base spending amount which is used to set district homestead property and income tax rates would increase from \$9285 to \$9,459. To balance the education fund at this amount the tax commissioner has said the base homestead tax rate will need to be increased by up to two cents to \$1.00. A District that holds per pupil spending level will only have an increase of 0.16% in its equalized tax rate. The base rate for the income adjustment is recommended to remain at 1.94%

The pie chart below shows major sources of funding. Ninety percent of the \$1.705 billion budget comes from the Education Fund, and one percent is from General Fund dollars.

This chart shows major categories of expenditures. One and seven tenths percent of the total funds Agency operations. The remaining 98.3 percent comprises grants. Again, the vast majority of expenditures are from the Education Fund in the form of direct payments to school districts.

#### **Grants**

These grants are described in greater detail as referenced:

**13. Tobacco Litigation**: page 39

14. Finance & Administration: page 18

**15. Education Services**: pages 23-27

16. Adult Education & Literacy: page 34

17. Act 117 Cost Containment: page 39

### **Finance & Administration**

The **Central Office** includes the Secretary and her direct staff. They support her work and that of the State Board and Agency as a whole.

The *Legal Unit* represents the Secretary and the Agency of Education in litigation and contract matters, as well as legislative advocacy, administrative rulemaking and educator licensing sanctions. They conduct administrative hearings and oversee the dispute resolution processes for special education.

The following Finance and Administration programs are overseen by the *Deputy/Chief Financial Officer:* 

**Business Management** performs the accounting, budgeting, grants management, payroll, logistics and other business management functions of the agency.

**Special Education Finance** provides the agency's administrative services for claiming eligible special education expenses under 16 V.S.A. Chapter 101 and the federal Individuals with Disabilities Education Improvement Act. Services include distribution of financial aid for special education, as well as the audit and monitoring requirements of these programs, as required by Act 117. This group also provides the agency's administrative services and technical assistance to school districts for claiming eligible special education expenses under 16 V.S.A. §2959(a).

**School Finance** administers public school funding as required by 16 V.S.A. Chapter 133, better known as Act 68, which distributes over \$1 billion to Vermont's public schools. It also collects and analyzes school expenditure and revenue data for use by policymakers and others. The team conducts training sessions for school business managers each year and works closely with the Vermont Association of School Business Officials (VASBO).

The **Federal Fiscal Monitoring Team** is responsible for the fiscal monitoring of school districts and other organizations receiving federal grants, and reviews all school district audits required under 16 V.S.A. §323 and §563(17).

The **Information Technology (IT)** division serves the agency in its networking, system development, and data administration needs.

### **Finance & Administration Grants**

- 1. Teacher of the Year: The purpose of this grant is to cover travel expenses related to being named Teacher of the Year. In this role it is expected that he/she will travel across Vermont to speak with schools, education partners and legislation in order to better inform and engage the public in Vermont's education system. This grant was previously budgeted in the Education Programs appropriation.
- 2. Longitudinal Data Systems: This portion of Vermont's Statewide Longitudinal Data Systems grant received from the US Department of Education will be awarded to LEAs to help pay for customizations to local computer systems so that those systems will be able to interoperate with the Statewide Longitudinal Data System. Customizations to local systems may include confirmation of Schools Interoperability Framework (SIF) agents or the implementation of extract report functionality. The federal grant period is from July 1, 2012 through June 30, 2015.
- **3. Medicaid**: School districts use these grants for prevention and intervention programs in grades Pre-K-12 and for the administrative costs of school-based health services.
- **4. Property Tax Relief:** The purpose of this grant is to support the developing continuous improvement programs of school districts working toward the new Education Quality Standards. Information gathered will be used to develop indicators of school effectiveness, both at the fiscal and program levels.

### **Education Services**

Working under the direction of the Deputy for Transformation and Innovation and the Deputy for Educator Quality, the Education Services Teams provide technical assistance and support to schools, and carry out state and federal requirements for special education, assessment, and other direct support services.

Integrated Support for Learning: Pre-K through Middle School: Staff with expertise in multi-tiered support systems, school improvement, early learning and development, student health and learning, special education, and content-based instruction work together, and in collaboration with the HS and Adult Division, to create integrated teams of consultants providing support to schools, early learning programs, after school sites, and community-based providers in implementing evidence-based practices, school-wide improvement models, and prevention models to improve instruction and learning outcomes for every student.

Integrated Support for Learning: Secondary & Adult Division: Staff with expertise in educational support systems, school improvement, career and technical education, adult education, English-language learners, standards, assessment, data analysis, and content-based instruction work together, and in collaboration with the PK-8 Division, to create integrated teams of consultants providing support to schools, career centers, and community-based providers in implementing evidence-based practices, school-wide improvement models, and prevention models to improve instruction and learning outcomes for every student.

General Supervision and Monitoring: We work to provide proactive, coherent support to schools and supervisory unions by bringing special education monitoring and consolidated federal programs together in one division to create comprehensive approaches to the grant approval process, technical assistance and monitoring for federal and state regulatory compliance. Cross division teams are utilized to increase capacity and provide a unified approach to the use of federal funds to support improvement at the school and supervisory union level. Professional learning activities are maximized by leadership in prioritizing the work we need done to support schools and SU's and communication and collaboration across divisions and among external professional development providers. Interagency work with AHS partners supports students in DCF care or placed by another AHS Department. State regulatory implementation is supported within the division through consultants who work with Independent School approvals, the driver's education program, and the home school enrollment process. School food and nutrition services at the local and supervisory union level and at a variety of other institutions, are also supported and monitored by consultants in this division.

Educator Quality (comprises Licensing and Professional Standards): Well-prepared, supported educators and leaders in the field are essential, as we know that this makes a significant difference in the educational lives of our students. High-quality teaching standards tied to evidence-based teaching practices provide a foundation for teacher and administrator preparation and ongoing professional learning. The Educator Quality Division developed standards that build a career continuum focused on teacher and leader effectiveness, and also being developed is an evaluation system for teachers and leaders. This Division provides professional licensure to Vermont educators, and works with the Vermont Standards Board for Professional Educators (VSBPE).

# **Education Services Grants**

1. Adult Services Coordinator Salary
Assistance: These funds are disbursed as
payments to each technical center district to
pay a portion of its adult education
coordinator's salary.

#### 2. Adult Technical Education Formula:

These grants are awarded to 15 regional technical centers and 2 independent schools serving their region as a CTE center to support educational services for adults. Grants provide resources necessary to address the training needs of students and businesses in the region.

- 3. Early Reading: These funds support the implementation of the State Board's Comprehensive Plan for Early Reading Success. Major components include professional development for educators and administrators in order to improve content knowledge and instructional competency in literacy for educators working with children in preschool through grade 3.
- **4**. **Special Olympics:** This program helps ensure that children and adults who have developmental delays have access to unified sports activities with non-disabled peers.
- 5. Child Nutrition State Match: Regulations for the National School Lunch Program require states to provide funds to schools participating in the school lunch program. The amount is based on appropriated federal funds. Ninety percent of the state match is allocated to schools on a per-meal basis. Ten percent of the total required state matching funds are set aside for a competitive grant program for food service equipment.
- 6. Child Nutrition Day Care Home Tier 2
  Meal Initiative (Child Care): These funds
  support tier 2 low breakfasts, lunches and snacks
  served in day care homes where federal subsidies
  were cut by the federal Welfare Reform Act of
  1996.

- 7. Child Nutrition Reduced Price Breakfast Initiative (Breakfast): To the extent funds are appropriated, this program helps to fill the gap between the amount of federal reimbursement schools receive per meal and the actual cost to prepare a school breakfast. This funding also eliminates the reduced price charge of 30 cents for low income students whose household income is between 130 and 185% of poverty.
- 8. Child Nutrition Summer Food Service Program: These funds supplement the cost of lunches served at summer food service sites where federal subsidies were cut by the federal Welfare Reform Act.
- 9. Child Nutrition Reduced Price Lunch Initiative (Free Lunch Initiative): This funding covers the reduced price lunch charge of 40 cents for low income students whose household income is between 130 and 185% of poverty.
- **10. Child Nutrition The Emergency Food Assistance Program:** Funds to assist in the distribution and transportation process of donated food to recipient agencies for support of low income households.
- 11. School Wellness: Grants may be used to establish a wellness program advisory council, inventory programs and assets, gather data about the health status of children in the community, adopt a fitness and nutrition policy or implement and coordinate wellness programs in the school community based on the adopted policy.
- 12. Governor's Institutes: These funds provide about 20 percent of the costs for summer institutes for highly motivated high school students. Institutes are held on Vermont college campuses and draw additional support from businesses, foundations, schools and participating students' families.
- **13. Early Education Initiative (EEI)**: These funds support grants to organizations and schools to provide early childhood education services to at-risk preschoolers. In FY16 these grant funds were repurposed.

### **Education Services Grants**

- **14. Carl Perkins Secondary:** These federal funds are awarded as formula grants to regional technical centers for career technical education (CTE) program development and improvement within the scope of the Carl D. Perkins Career and Technical Improvement Act of 2006.
- **15. Perkins Secondary Reserve:** These federal funds are made up of set-aside amounts within the formula grant and returned Perkins secondary funds. Grants awarded from the reserve are competitive and intended for new program development and implementation in the secondary CTE centers.
- **16. Carl Perkins Post-secondary:** These federal funds are awarded as formula grants to post-secondary career technical education providers for program development and improvement with transitions from secondary CTE programs.
- 17. Post-secondary Reserve: These federal funds are made up of set-aside amounts within the formula grant and returned Perkins post-secondary funds returned by post-secondary Perkins recipients. Grants awarded from the reserve are competitive and intended for new program development, implementation and alignment with secondary CTE programs at regional CTE centers.
- **18. Carl Perkins State Leadership:** These funds are used to support and expand CTE within the scope of the Carl Perkins Act and to assist in developing high standards and high-quality curricula.
- **19. Carl Perkins Corrections:** This item is a part of Carl Perkins State Leadership and supports career and technical education programming for inmates at correctional facilities throughout the Community High School of Vermont.
- 20. 21st Century Community Learning Centers: This grant is distributed to school districts that create highly structured innovative extended-day or extended-year programs. Funds provide expanded opportunities for student learning in safe, supervised settings and promote parental involvement in schools.

- 21. Title I Grants to LEAs: Funds allocated to local educational agencies on a formula basis to ensure that all children have a fair, equal, and significant opportunity to reach proficiency on the State academic achievement standards. Funds are focused on meeting the supplemental educational needs of low-achieving students in high poverty schools.
- **22. Title I Academic Achievement:** Funds to reward schools that either significantly close the achievement gap between identified groups of students or exceeded their adequate yearly progress targets for 2 or more consecutive years.
- **23. Title I Migrant:** These funds are used for the design of educational and support services for children of migratory agricultural workers who have changed school districts within the preceding 12 months.
- 24. Title I Migrant Consortium: Funds to help support Vermont's participation in multi-state consortia to design and implement educational support services for eligible migrant students.
- 25. Title I Neglected or Delinquent:

These funds support education activities, such as transition and dropout prevention, for youth in state correctional facilities, state-operated institutions or community day programs.

### **Education Services Grant**

- 26. McKinney Vento Homeless
  Education Act: Funds support programs
  to ensure that homeless children and
  youth have equal access to the same free,
  appropriate public education including
  preschool provided to other children and
  youth.
- 27. Title II, Part A Improving Teacher Quality State Grants: This program is funded by federal monies for LEA entitlement subgrants and State Education Agency technical assistance. Funds support professional development and other initiatives to ensure that schools have highly qualified teachers, principals and paraprofessionals.
- 28. Title II, Part A State Agency for Higher Education (SAHE): This competitive grant program supports partnerships between institutions of higher education and LEAs to provide quality professional development for teachers, principals and paraprofessionals.
- **29. IDEA-B Subgrants:** These federal funds flow directly to schools to assist with the costs of special education for children and youth ages 3 to 22.
- 30. IDEA, Part B, Preschool (sec. 619) (Preschool Incentive): These funds flow directly to schools to assist with special education costs for children ages 3 to 5. Funds also support statewide projects, technical assistance, compliance monitoring and training regarding special education costs for children ages 3 to 5.

- 31. State Personnel Development Grants (SPDG): These federal special education funds support training and personnel development in the areas of early and school age multi-tiered systems of supports, secondary transition and career readiness to improve outcomes for students with disabilities.
- **32. School Lunch Program:** Funds are used to provide a per meal reimbursement to school food service programs to support meals serviced in school lunch programs.

#### 33. Child and Adult Care Food Program:

These funds are used to provide a per meal reimbursement to program sponsors to support meals served in child care and adult care programs. In addition, centers can receive cash in lieu of commodity foods.

- **34. School Breakfast Program:** These funds provide a per meal reimbursement and administrative rate for meals served in breakfast programs.
- **35. Summer Food Service Program:** These funds provide a per meal reimbursement and administrative rate for meals served.
- **36. Special Milk Program:** These funds are used to provide reimbursement to support the cost of 8 oz. servings of milk served to students at schools or sites that do not participate in a federal meal program.

### **Education Services Grants**

- **37. Cash in Lieu of Commodities:** Funds allow participating child care centers to choose to receive cash payments for lunches/dinners instead of U.S. Department of Agriculture donated food.
- **38. Child Nutrition Team Nutrition:** The team nutrition grant provides funds for improving nutrition education.
- **39. Child Nutrition Fresh Fruits & Vegetables:** These funds provide funding assistance for increasing fruit and vegetable consumption in low-income schools.
- **40. Child Nutrition The Emergency Food Assistance Program**: Funds to assist in the distribution and transportation process of donated food to recipient agencies for support of low income households.
- 41. Child Nutrition Sponsor Admin:

Day care home sponsors receive administrative funds on a per home rate to support the cost of managing and administering the program to the day care home recipients.

#### 42. CN Equipment Assistance

Federal funds provided through the Healthy, Hungry Free Kids Act of 2010. Funds are provided to low income schools to improve the infrastructure of their food service programs.

**43. Title I School Improvement:** Funds allocated to Title I schools that are in need of improvement under the State's accountability system. Funds are to coordinate and implement the school's continuous improvement plan.

- 44. Math & Science Partnership: This competitive grant program funds high-quality, content-driven professional development in mathematics and science. Partnerships must include a high-needs Local Education Agency (LEA) and STEM faculty from an institution of higher education. Additional partners may include education department faculty, non-profits, businesses and other LEAs. The goal is to deepen knowledge of mathematics and science content for K-8 teachers.
- 45. Title III English Language Instruction for Limited English Proficient (LEP) and Immigrant Students: These funds assist LEAs in addressing the needs of LEP students. Formula-based subgrants are awarded to eligible LEAs to provide language instruction to help LEP students meet Vermont's academic standards.
- 46. Health Education: These funds assist schools across Vermont in developing and improving upon comprehensive health education curriculum, instruction and assessment practices. These funds are used for professional development, coaching, technical assistance as well as current, relevant and up-to-date resources based on health education standards for use in health education classrooms.

## **Education Services Grants**

**47. Licensing:** Generated from educator licensing fees, these funds support the local and regional standards boards that are responsible for recommending educator re-licensure.

#### 48. Nellie Mae Education Foundation:

The Nellie Mae Education Foundation and the agency's 21st Century Community Learning Centers Program are collaborating by providing grant funds to identify, support and replicate promising practices for middle school students. Grants are awarded for exemplary afterschool and summertime programs. Program ended.

**49. Reading Readiness:** These funds are given as subgrants to support local and regional efforts to help students meet or exceed literacy standards. Grants support the Vermont Reads Institute and other providers of professional development in literacy to provide technical assistance, professional development and resources to educators.

### **Education Services Grants**

#### 50. Statewide System of Support:

We are now administering the Professional Learning Network with contracts rather than grants. Funding has been moved from the grants budget to the personal services budget as required by the state's accounting system for contracts. Funds are used to support the work of the Professional Learning Network (PLN) to deliver statewide, high-quality professional learning focused on CCSS Implementation and Instructional Leadership.

**51. VDH Chronic Health Prevention:** These funds are provided by the Vermont Department of Health to the Agency of Education for the purpose of granting funds to schools for implementation of the Presidential Youth Fitness Program. Program ended.

#### 52. Race to the Top-Early Learning Challenge:

Grants will support regional and program wide readiness, adoption and implementation of Early Multi-Tiered Systems of Support (MTSS). Grants will be allocated to 3 regional Building Bright Futures councils and pilot sites per cohort year.

# **Categorical Grants**

The following grants are referred to as stand-alone grants because each one has a separate appropriation.

Technical Education	29
Special Education Formula	31
State-placed Students	33
Adult Education & Literacy	34
Statewide Education Spending	35
Essential Early Education	37
Transportation	37
Small School Support	38
Capital Debt Service Aid	38
Tobacco Litigation Fund	39
Act 117 Cost Containment	39

# **Technical Education**

This funding supports technical education in accordance with 16 V.S.A. §1563 and 1565, state financial assistance.

TOTAL EDUCATION FUND	13,708,162	13,331,162	(377,000)

### **Grants**

# 1. CTE Tuition Reduction (Technical Education Tuition Reduction):

Funds are disbursed as payments to technical centers to reduce the tuition paid by school districts, based on three-year average enrollments.

# 2. CTE Salary Assistance (Technical Education Salary Assistance):

Funds are disbursed as payments to technical center districts to help defray the costs of salaries for technical center directors, guidance coordinators and cooperative education coordinators.

# 3. CTE Transportation (Technical Education Transportation):

Funds reimburse costs of transporting students to CTE centers. The per mile adjusted reimbursement rate is calculated annually.

4. Career Technical Student
Organizations (CTSO) (Youth
Leadership): Funds support CTSO's
that promote youth leadership
development activities and participation
in regional, state and national skills
competitions.

5. Secondary School Transformation (Secondary School Reform): Funds support school change initiatives at the middle and secondary levels. Initiatives include but are not limited to student engagement, proficiency based learning, Education Quality Standards and improvement of instructional practice.

#### 6. Innovative Program Development:

Funds help cover start-up costs for new and innovative CTE programs that prepare students for careers and/or further studies in emerging career fields with high skills, high wage and high demand jobs

# 7. CTE Equipment (Technical Education Equipment):

Funds are made available to regional career centers through a reimbursement program to update or replace equipment.

# **Special Education Formula**

The Special Education Formula provides funding for Vermont school districts for their K-12 special education eligible costs not covered by federal funds or other State funds such as State placed student funding. The grant categories 4-9 provide funding for specialized services and training.

#### **Grants**

- 1. **Mainstream Block Grant:** These funds provide a block grant for each school district based on 60 percent of the statewide average salary for: (1) 9.75 special education teaching positions per 1,000 Average Daily Membership (ADM), and (2) up to two special education administrators per supervisory union/district based on ADM (16 V.S.A. § 2961).
- 2. Special Education Expenditures Reimbursement (Intensive Services Reimbursement): This funding reimburses a portion of eligible special education costs not covered by another part of the formula or by federal or other state funds (16 V.S.A. § 2963).
- 3. **Extraordinary Reimbursement:** Funds provide 90 percent reimbursement for high-cost students for cost in excess of \$50,000 for individualized education programs (IEPs) (16 V.S.A. § 2962).
- 4. Interdisciplinary Team (Interdisciplinary Team and Regional Multi-disability Specialist): This grant provides parents and school staff services and consultation to support successful inclusion of children who have multiple disabilities. The grant supports statewide consultants with expertise in specialized areas as well as regional consultants.
- 5. Students who are Deaf or Hard of Hearing (Hearing Impaired): These funds support consultation and services for students who are deaf or hard of hearing. Regionally assigned consultants assist school staff and parents in arranging for assistive technology, accommodations, training and technical assistance.

- 6. Students with Visual Impairments (Visually Impaired): These funds support services by the Vermont Association for the Blind and Visually Impaired for itinerant teachers to consult with school staff and parents and provide direct instruction in Braille, assist with selection of low-vision aids, recommend accommodations and provide mobility training.
- 7. Building Effective Supports for Teaching (BEST): These funds assist schools in developing and implementing systemic plans to improve staff's ability to effectively respond to challenging student behaviors. They support training opportunities, coaching, technical assistance and regional partnerships to meet the needs of students who have emotional and behavioral challenges.
- 8. Act 230 Training Grants: Funds are granted to supervisory unions/districts for training and technical assistance to better meet student needs and to enhance tiered systems of supports.
- 9. **Higher Education Participation:** These funds support tuition reimbursement and stipends for special education teacher training.

# **State-placed Students**

A state-placed student is one who is placed by the Agency of Human Services or a state-licensed agency in a school district outside of his or her guardians' district(s) of residence. The GSM team works with special education directors, principals, other school staff and AHS staff to ensure timely enrollment and educational continuity for students who may be in care outside of their parent's school district or in residential settings.

### **Grants**

- 1. **LEA (Local Education Agency) Reimbursement:** These funds are used to reimburse school districts for special education costs being incurred for students with individualized education programs (IEPs).
- 2. Individual Residential Placement:
  These funds provide payments to
  approved independent schools or tutorial
  programs for educational costs of students
  in residential facilities.
- 3. **Special Services:** These funds are used to reimburse school districts for special services approved by the commissioner for non-IEP students. They also may be used for payments to the Lund Home for daytime educational services for pregnant or parenting teens, or for tuition or special education costs for Vermont students placed in foster care in other states.
- 4. **Regular Education Tuition:** These funds are used to reimburse the regular tuition to school districts that do not operate their own schools.

# **Adult Education & Literacy**

This appropriation supports the Adult Education and Literacy (AEL) program. These amounts include federal, state, and Flexible Pathways, including High School Completion funds.

#### **Grants**

- 1. Education Spending Grant: Under 16 V.S.A. §4011(a), funds must be appropriated to pay for each district's education spending amount. The amount provided here is an estimate. (See page 10.)
- 2. **Adult Diploma Program:** This program allows adults, 20 years and older, to earn a high school diploma through an assessment process administered by the Agency.
- 3. Vermont Academy of Science and Technology (VAST): VAST operates an approved independent 12th-grade program housed at Vermont Technical College.
- 4. Tech Full-time Equivalents Not Enrolled: Under 16 V.S.A. § 4011(g), this payment is to refund districts for resident students attending a technical center at public expense but who are not enrolled in a public high school. These students are not counted in the district ADM.
- 5. **Early College:** This program directs the Agency to pay an amount equal to 0.87 times the Base Education Amount as the full tuition for each 12<sup>th</sup> grade Vermont resident student enrolled in an early college program, which includes the Vermont Academy of Science and Technology (16 V.S.A. §4011(e)). Early college programs are developed and operated by Vermont colleges and have been approved by the Secretary for that purpose.

#### 6. Driver Education Program Grants:

These funds provide partial reimbursement to schools that offer driver education programs. The state share of support for this program is less than 25 percent.

# **Essential Early Education**

Essential Early Education grants are made to school districts to fund preschool special education services for children ages 3 through 5. If grant funds are available after providing preschool special education services, the balance of funds can be used to serve preschool children ages 3 through 5 at risk of school failure.

## **Transportation**

Administered through the School Finance Team, these funds are used to reimburse up to half of school district expenditures to transport students to and from school. Exact reimbursement percentages are limited by appropriated amounts and are determined by the amount of district expenditures, as per 16 V.S.A. § 4016.

# **Small School Support Grants**

Under 16 V.S.A. §4015, these funds provide formula grants to school districts operating schools with a two-year average combined enrollment of less than 100 students, or with an average grade size of 20 or fewer students. They also provide financial stability grants to limit the loss of funds in small schools with declining enrollments. These funds are administered through the School Finance Team.

# **Tobacco Litigation Fund**

These funds support grants to schools for school-based tobacco prevention activities. Nearly 60 local supervisory unions/districts receive formula funding based on student enrollment of up to \$25,000 annually to implement school-based tobacco prevention initiatives. Using strategies such as district-level coordination, effective curricula, improved policies, youth cessation programs and parent and community education, tobacco use trends among Vermont students show consistent declines as reported on the biennial Youth Risk Behavior Survey.
