## Educational Equity and Diversity Professional Development Providers (2019)

This list contains vendors who provide various forms of professional development that address educational equity, diversity, and/or culturally responsive practices. Each vendor responded to a Request for Information (RFI) in 2018; vendors were included on this list after demonstrating that their work addresses educational equity and diversity. Inclusion on this list does not constitute an endorsement from the State of Vermont; school systems are encouraged to conduct additional research into providers to identify the resource that will work best for their needs. This list of vendors will be updated periodically.
