FAQ National Association of State Directors of Teacher and Education Certification (NASDTEC) Interstate Agreement

As of 9/1/15, an educator with a non-conditional/non-expired out of state professional educator license, from a state that has signed the Interstate NASDTEC agreement, will be eligible for initial licensure in VT to match the same/equivalent endorsement from the other state. Having an out of state professional educator license from a state that has signed the Interstate NASDTEC agreement would exempt an applicant from the testing requirement for the endorsement on the out of state license.

As of 9/1/15 the following states do not have a signed agreement: New York, New Mexico, South Dakota & Wisconsin. Educators who hold a current license, or have a recommendation for licensure on their transcript, from any of these states; will need to apply for Initial License [through Transcript Review](#), and will be required to meet [our state's testing requirement\(s\)](#). For the most recent list please see the [NASDTEC Interstate Agreement Signatories](#).

Regardless of experience, educators who have a non-conditional/non-expired out of state professional educator license will be licensed in Vermont with a Level I Professional Educator's License. Once that educator has been licensed in Vermont and has taught in Vermont for 3 years, they will be eligible for a Level II Professional Educator's License.

What is NASDTEC?

The National Association of State Directors of Teacher Education and Certification (NASDTEC) was organized in 1928 to facilitate educator licensing from state to state, and to encourage communication between state educator licensing offices, federal agencies, national organizations, and professional educators. What does it mean to "apply under the NASDTEC Interstate Agreement"?

Licensing rules allow the Licensing Office to review the credentials of applicants from other states/ countries under these conditions:

- If a candidate has a current, comparable license (teacher or administrator) from a state with which Vermont has signed the NASDTEC Interstate Agreement. *
- Those who do not meet this condition may obtain licensure through Vermont's Alternative Route: The Peer Review process.

This rule includes candidates who have been issued licenses in foreign countries. These candidates must also demonstrate they meet the equivalent degree requirements specified in

the endorsement competencies via an official document credentialing organization. Please contact the Licensing Office for more information if you obtained your education or educator license in a foreign country.

*If you meet these conditions, you may apply and [complete the Initial Vermont Educator License application online.](#)
