

Exemplary Sexual Health Education

HIV/STD/pregnancy education • Evidence-based instruction by qualified and trained teachers • Sequential learning across school levels

Lamoille South Supervisory Union uses sexual health curricula...

...in grades 6-8 including 9 of the 11 CDC-recommended topics

...in grades 9-12 including 10 of the 11 CDC-recommended topics

Sexual Health Services

HIV, STD and pregnancy testing • STD treatment • provision of condoms • provision of contraceptives • and HPV vaccine administration

Lamoille South Supervisory Union has the following components for referral of students to sexual health services:

- ✓ Organizational partnerships, whether formal or informal, between districts and youth-friendly sexual health service providers
- ✓ A list of youth-friendly organizations to which youth can be referred for sexual health services
- ✓ A written procedure for making referrals
- ✓ A written procedure for maintaining student confidentiality throughout the referral process

Percentage of students who reported using a condom during last sexual intercourse among students who were currently sexually active

64% 2013 → 48% 2017

Data from 2013 and 2017 Youth Risk Behavior Survey

Percentage of students who used birth control pills; an IUD or implant; or a shot, patch, or birth control ring (before last sexual intercourse to prevent pregnancy among students who were currently sexually active)

36% 2013 → 54% 2017

Data from 2013 and 2017 Youth Risk Behavior Survey

Safe and Supportive Environments

Brings together schools, community, parents and youth to build supportive and safe school-based environments designed to prevent bullying and violence

Lamoille South Supervisory Union recommends or requires schools to:

- ✓ Designate a staff member to whom students can confidentially report student bullying and sexual harassment, including electronic aggression
- ✓ Use electronic or oral communication to publicize and disseminate policies, rules, or regulations on bullying and sexual harassment, including electronic aggression
- ✓ Provide information and resources to parents on preventing student bullying and sexual harassment, including electronic aggression
- ✓ Have a student-led club to create a safe, welcoming, and accepting school environment for all youth, regardless of sexual orientation or gender identity
- ✓ Give homework or health education activities to do at home with parents
- ✓ Use electronic, paper, or oral communication to inform parents about school health services and programs
- ✓ Have families help develop or implement policies and programs related to school health
- ✓ Provide parents with information about how to monitor their child
- ✓ Involve parents as school volunteers in the delivery of health education activities and services
- ✓ Link parents and families to health services and programs in the community

Percentage of students who agree that in their community they feel like they matter to people

50% 2013 → 63% 2017

Data from 2013 and 2017 Youth Risk Behavior Survey

Success Story

Participation in the School-Based HIV/STD Prevention program facilitated the acceptance of health education into Lamoille South's annual curriculum camp beginning in 2014. At curriculum camp 2017, over 100 district teachers attended the Out for Safe Schools anti-bullying workshop. A video about Curriculum camp can be viewed at <https://tinyurl.com/lssucamp>
