

VT PBS and AOE Partnering to Support Continuity of Learning

The Vermont Agency of Education (AOE) and Vermont Public Broadcasting System (PBS) are partnering to support continuity of learning for our students and school communities. This partnership will provide access to free educational programming resources via television broadcasts. Additional resources will be provided by the AOE and Vermont PBS, both on-air and online.

The PreK through grade 12 programming is aligned to national standards and includes interactive lessons and suggested activities. PBS Plus (WGBH) has begun airing educational programming for grades 6-12 during the noon to 5 p.m. time slot; programming for PreK-8 is available on the PBS main channel which is broadly available throughout the state and does not require cable.

Teacher Accounts

Teachers can create unique accounts with their school email or Google account. A PBS LearningMedia account provides access to a range of additional features, such as:

- Explore resources aligned to Vermont state standards;
- Save, download, and create content using your favorite resources;
- Access teacher tools to build quizzes, puzzles, and storyboards;
- Share content early with Google Classroom and Schoology.

Accounts are free and connect teachers with their local PBS stations as well as localized teacher events. Lesson plans, games, and interactive resources allow teachers to find content that can improve lessons, enhance discussions, and ignite a sense of curiosity in students.

To create an account, go to [PBS Learning Media](https://www.pbslearningmedia.org) and sign up here.
