It's Time to Play! Nurturing *Each and Every* Child's Curiosity, Learning, and Well-Being

The 29th Annual Kindergarten Conference -
A Focus on Children Ages 4, 5, & 6

Friday, April 1, 2022

A Hybrid Conference from 8:45 to 3:30

The Vermont Agency of Education, UVM Early Childhood Birth-Grade 3 Program, the VT Head Start Collaboration Office, Vermont Association for the Education of Young Children (VTAEYC) invite you to participate in the 29th Annual Kindergarten Conference! This conference brings together kindergarten and primary level teachers, prekindergarten teachers, school and program administrators, pre-service teachers, and teacher educators to explore evidence-based practices, discuss issues, learn from each other, and become rejuvenated.

The Planning Committee asked teachers and administrators to help design the conference this year. In response to the information that was received through a survey in December, the morning will be virtual while the afternoon will provide both virtual and face-to-face options around the state. The schedule for the day has been structured to provide travel time for those who select a face-to-face workshop.

Our day will open with stories from several Vermont schools where teachers and administrators offer children ample time and meaningful opportunities to learn and grow across all domains - cognitive, emotional, social and physical - through play.

Registration fees for educators will be \$100 and \$60 for students. Watch for more information coming soon!
