Welcome, Select Chair:

The meeting began at 4:00 p.m. Jamie Crenshaw Volunteered to chair the subcommittee.

Discussion of rules and existing draft, in light of full panel feedback:

The subcommittee reviewed the feedback we received from the full panel. We were advised to try and be less harsh/negative and less generalized/more specific. When thinking about rule changes we need to be focusing on systems change. Are there unintended consequences of the draft proposals?

Edit Draft Comments:

We edited the Prior Written Notice unmet need to tighten up the language. We also added additional specifics about reasons for recommending removal of Adverse Effect.
