Hi Laurie,

Yes. MAUSD elementary schools would have room for 30-50 K-5 students from Ripton.

**Subject:** Elementary school capacity

Dear Patrick,

I am Chair of the Ripton Selectboard and also a member of our School Committee. John Carroll, Chair of the State Board of Education, has requested that Ripton reach out to confirm that there are elementary schools in the area which would have room for Ripton's K-5 students if our independent school ended up not being viable at some point during the next few years. Would you anticipate that the elementary schools in the Mount Abraham district would have adequate capacity for Ripton's elementary students, numbering perhaps between 30 and 50?

Thank you for assisting us, and best wishes for your own district.

Laurie Cox
