Dear Members of the State Board of Education,

Please find the requested tabular review on the following page and attachments pertaining to commitments in writing demonstrating that, should it become necessary, schools in nearby communities will collectively accommodate all Ripton K-12 students. We reached out to Rutland Northeast Supervisory Union, Addison Central School District, Mt. Abe Unified School District, Rochester Elementary, and The Bridge School. All of these institutions confirmed the potential for capacity in coming years.

Respectfully,

Members of Ripton Executive School Committee
