Statewide Student Attendance Calendar 1996-1997

N.B. The State Board of Education is interested in seeing student attendance calendars with a greater number of student days. Therefore this calendar proposes 175, 180, and 185-day student attendance calendars. Districts are encouraged to link inservice activities with other professional development activities available around the state. State minimums call for five inservice days per year; the State Board of Education recommends 10. This calendar proposes 10 possible inservice days.
