SUBJECT: Vermont Dual Enrollment Program for 2021-2022

VERMONT DUAL ENROLLMENT PROGRAM

The Vermont Agency of Education and Vermont's higher education partners continue their collaborative effort to create a system in which students may enroll in college courses offered on a college campus, at their high school, and/or online. This program serves to introduce students to college-level coursework before they immerse themselves fully in college life; allows college coursework to be applied for progress toward secondary school completion; and can provide high school graduates with a jumpstart on college credits.

Under the Flexible Pathways Initiative, the State has encouraged and supported school districts in offering high-quality educational experiences. Two such experiences, Dual Enrollment and Early College, allow school districts to offer post-secondary experiences to students to meet graduation requirements. The Vermont Dual Enrollment Program, [16 V.S.A. § 944](#), provides eligible Vermont high school students access to two college courses, tuition free, through a voucher system that tracks requests, collects information for reporting, and allows for accurate reimbursement to participating partners. Vouchers are awarded on a semester-by-semester basis, pending student eligibility. Developmental/remedial courses do not qualify for Vermont Dual Enrollment vouchers. The Early College Program, [16 V.S.A. § 946](#), allows seniors who enroll to take a full year of college-level courses tuition free. Student readiness for and participation in college coursework must be determined by their principal and/or their designee and documented in the student's Personalized Learning Plan.

Eligibility criteria for student participation in the Dual Enrollment Program has changed. This change is reflected in Dual Enrollment Program policy with the expectation that secondary school and higher education partners adhere to using the updated criteria in determining student eligibility. The updated policy language below provides further clarification of eligibility requirements. This language is an expansion on and not an exact replication of statutory language under [16 V.S.A. § 944\(1\)\(A\)\(i\)\(III\)](#).

Secondary schools must confirm that the student meets the eligibility requirements of the Dual Enrollment Program before approving a voucher request. A student is eligible for the Dual Enrollment Program if:

SUs/SDs who pay tuition for their students to attend out of state schools should make their students aware that they are ineligible to participate in Dual Enrollment and Early College under the Flexible Pathways Initiative. The AOE has no regulatory authority over schools out of state, and therefore cannot hold such schools to any assurances to follow statutory and policy requirements as it relates to Dual Enrollment and Early College and as articulated in the secondary school participation agreement.
