Subject: Re: AOE follow up

Hi Amy,

At the Standards Board meeting in Oct., they asked that we send the accreditation report that the Speech Language Pathology program submitted for the last accreditation review. Our understanding is that the Program Approval Committee will review the report and determine whether there is additional reporting they would like UVM to submit along with the accreditation self-study for each reaccreditation cycle.

Just one note of explanation--CAA (The Council on Academic Accreditation) is the accrediting arm of the American Speech-Language-Hearing Association (ASHA). Here's the link to their website: <https://caa.asha.org>

I've attached three documents:

1. The Self-Study report that the SLP program submitted in 2011 for reaccreditation
2. The Reaccreditation decision report from 2012 showing the program is reaccredited until 2020
3. The most recent annual report submitted by the UVM SLP program (2017)

Please let me know if you need any additional materials or if you have any questions.

best,
Barri
